University of Missouri Proteomics Center  
Mass Spectrometry Fee Schedule

(rates are for University of Missouri users, off-campus users should contact the staff for off-campus user rates)

**MALDI**
1. Manual spotting with standard $25.00 per sample  
   Volume discount:  
   full rate first 10 samples  
   $20.00 per sample for samples 11-25  
   $15.00 per sample 26+
2. Pre-spotted samples $10.00 per sample  
   Volume discount:  
   full rate first 10 samples  
   $5.00 per sample for samples 11+
3. Automated MALDI spotting and analysis $5 per sample*  
   * minimum 24 samples and a $50.00 set-up fee for the robot are required
4. MALDI analysis with PSD on one ion $35.00 per sample
5. Peptide Mass Mapping $35.00 per hour
   (MALDI analysis and data reduction)

**Electrospray (ESI) q-TOF**
1. Nanospray or ion spray – direct infusion $35.00 per sample
2. Nanospray or ion spray MS/MS – direct infusion $35.00 for the first and $5 for each additional peak
3. Nanospray-LC $35.00 per hour (1 hour min.)
4. Nanospray-LC MS/MS $35.00 per hour (1 hour min.)
5. Protein Identification $35.00 per hour (1 hour min.)
   (ESI analysis and data base searching)

**Electrospray (ESI) TSQ**
1. direct infusion $15.00 per sample
2. MS/MS – direct infusion $25.00 per sample for the first and $5 for each additional peak
3. LC/MS $25.00 per sample or $35 per hour
4. LC MS/MS $35.00 per hour (1 hour min.)
